

C325W-1920R

Overview

With the C325W-1920R, a revolutionary curved display with a leading 1800R screen curvature delivers images that appear to wrap around you, providing an in-depth, immersive experience. Combined with an ultra slim design, take in the wider field of view. Protection and comfort are the hallmarks of this design as the metal pattern brush finish is smooth and pleasing to the touch. The metal halo stand strikes the perfect balance between durability and design.

1080P resolution (1920 x 1080 Pixels) provides stunning color and picture detail on a 32 inch screen.

A 5 millisecond response time displays action sequences with the highest degree of clarity.

Enjoy HDMI, VGA and DisplayPort inputs to connect all video and gaming devices.

Key Features

DisplayPort

DisplayPort

DisplayPort has rapidly become the most versatile display connection, easily delivering video and audio. DisplayPort is also capable of delivering 1080P video over a length up to 15 m (45 ft) using a passive cable.

Curve Monitor

The curved display delivers a revolutionary visual experience with a leading 1800R screen curvature as the images appear to wrap around you for an in depth, immersive experience.

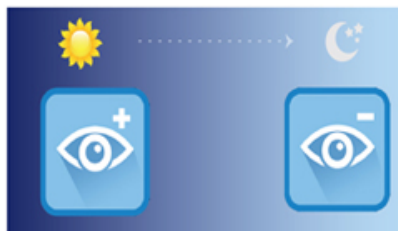

Windows 10

Sceptre monitors are fully compatible with Windows 10, the most recent operating system available on PCs. Windows 10 provides the added convenience of being compatible with earlier versions, such as Windows 8, 7 and XP.

HDMI (Monitor)

HDMI delivers superior high-definition to the monitor screen.

Blue Light Shift

Reduce your monitors blue light to protect you from eye fatigue, irritation and strains. This enables you to work on your documents, watch movies, or play games more comfortably for extended periods.

LED

With sharper contrasts of light and darks, LED display delivers a vast array of rich colors, ensuring that moving images have never been so pleasing to the eyes. LED Display offers a lifelike picture, complete with bright colors and crisp images.

Key Features

Response Time

With a 5 millisecond response time, all activity on your LED screen will seamlessly transition almost instantly.

VESA Wall Mount Pattern

Using the VESA wall mount pattern, easily mount your Sceptre LED monitor on the wall in a manner that is both aesthetically pleasing and conveniently practical. You will be able to save ample space and view the screen in a position that affords the greatest visibility possible.

VGA

With the ability to connect your computer, laptop, monitor, or TV to all your favorite variety of input options, VGA inputs deliver superb analog video.

Customer Service

Our customer service representatives are, and have always been, based in the USA, guaranteeing that our customers' needs are met as efficiently as possible.

30 years of Experience

For over 30 years, Sceptre Inc. has maintained its winning formula of designing and delivering quality products for affordable prices in the USA. Founded in City of Industry, California, our mission ensures that our products continually evolve to better suit your needs.
