

Sceptre Unveils MHL and Roku Certified 32-inch LED HDTV for Only \$399.99

HDTV armed with crystal clear 1920x1080 panel resolution and 1080P now MHL and Roku Ready

City of Industry, Calif – November 20, 2013 – [Sceptre](#), superior manufacturers of world class LED/LCD HDTVs and PC displays, unveils their [MHL and Roku Certified 32-inch LED HDTV](#). Available for \$399.99 MSRP, this affordably priced unit combines posh styling and long term energy savings to deliver a supreme home entertainment experience.

Sceptre's newest 32-inch LED HDTV is part of a MHL and ROKU Ready line of HDTVs focused on elegance and style while incorporating user friendly technologies. MHL technology allows mobile devices to directly connect to the HDTV or display using a single cable, transmitting 1080P high-definition video and surround sound audio while simultaneously charging the connected mobile device.

The X325BV-FMDR allows users to browse the biggest and best selection of streaming entertainment by simply plugging the [Roku Streaming Stick](#) into the HDMI port. Available separately, the Roku Streaming Stick eliminates clutter and unsightly equipment by replacing boxes and cables.

“Our new 32-inch LED HDTV is the perfect combination of performance and practicality with added advantages such as MHL and Roku,” said Cathy Chou, vice president of operations, Sceptre.

Ideal for any location or décor, 32-inch LED HDTV comes with a brush pattern bezel, is a true 16:9 widescreen, has a 1920x1080 panel resolution and a rated LED backlight life of more than 30,000 hours. In addition, it provides long term energy savings with an Energy Star V6.0 rating and an estimated yearly energy cost of only \$8.60.

Sceptre's [32-inch MHL and ROKU Certified LED HDTV](#) is currently available for \$399.99 MSRP at Walmart, Amazon, QVC, Sears, K-mart, Tiger Direct, Costco and NewEgg.
