---

**4K UHD TV** – Magnificent selection of large screen 4K UHD TVs ranging from 50 to 84-inches in size. Sceptre's large screen UHD TVs feature SRS TruSurround HD technology for immersive sound, a completely redesigned look that saves space, HDMI 2.0 and HDCP 2.2 equipped, and a 3840 x 2160 resolution screen that is 4 times sharper and clearer than traditional Full-HD units.

**4K UHD Displays with Touch Screen Interface** – Click, drag, delete or edit all your files and documents on a large 4K screen ranging from 50 to 65-inches in size. Perfect to create an interactive meeting during a conference, as a digital white board or to display interactive signs, simply connect the display to your computer and let Sceptre's 4K HD display immerse you in crystal clear 4K graphics and put you at the command through a single touch.

**Sound Base System** – The perfect addition to your home entertainment system, Sceptre's SoundBase pumps out ultra-crisp, room-filling surround sound that complements TVs up to 55-inches or under 65 lbs. Available in a variety of power outputs, Sceptre's stylish SoundBase delivers superior HD sound, connects via Bluetooth, and is the perfect complement to your Sceptre 4K UHD TV.

**4K UHD Monitor** – Take PC gaming, video watching or even internet browsing to the next level with Sceptre’s 4K UHD monitor. Sceptre’s 28-inch 4K UHD monitor delivers ultra-clear images and are perfect for any location, including dorm rooms, design studios or businesses seeking to provide the best to their customers.

“2015 marks the 30<sup>th</sup> year anniversary of the company and our lineup reflects the company’s passion for innovative and practical home entertainment products,” says Cathy Chou, vice president of operations, Sceptre. “We believe that quality can coexist with affordability and we will continue to push boundaries to provide users with outstanding products.”
