

Sceptre Unveils Versatile 20-inch LED Monitor for College Dorms, Home Offices, and Businesses

City of Industry, CA – February XX, 2015 – [Sceptre](#), superior manufacturers of world class LED and LCD HDTVs and PC monitors, announces the availability of the E205W-1600 Monitor featuring a 1600 x 900 resolution and a 5,000,000:1 dynamic contrast ratio that automatically adjust image for outstanding PC gaming and movie watching.

The ideal multi-use monitor for all locations, Sceptre's 20-inch LED monitor displays over 16 million colors and features a 5 millisecond response time that allows all activity on your screen to seamlessly transition almost instantly. The E205W-1600 monitor's crisp images are complemented by dual speakers and showcases HDMI, DVI, and VGA inputs, guaranteeing universal compatibility with all video and gaming devices.

"Sceptre's E205W-1600 monitor is the perfect choice of home offices and students looking for a unit that delivers outstanding graphics in an attractive and slim silhouette," said Cathy Chou, Vice President of Operations of Sceptre. "We've designed this model to be universally compatible, exceptionally affordable, and extremely reliable."

Sceptre's newest monitor features an LED lamp life rated at over 30,000 hours, guaranteed durability even after long hours of heavy gaming. It measures less than 2.2-inches thick, and has the ability to tilt 15 degrees backward and 5 degrees forward, providing multiple options for finding the optimum angle to view the screen with ease.

The E205W-1600 Monitor is now available at Amazon, Best Buy, Costco, K-Mart, Newegg, QVC, Sears, Target, TigerDirect, Walmart, and through [Sceptre.com](#). For more information about the monitor or the entire line of Sceptre products, please visit www.sceptre.com
