**Las Vegas – January 6, 2015 – [Sceptre](#)**, superior manufacturers of world class LED and LCD HDTVs and PC monitors, announces the availability of their newest speaker, the SoundBase TV Audio System. An attractive blend of Bluetooth speaker and sound bar, the Sceptre SoundBase TV Audio System transforms TV programming into an amazing audio entertainment experience and connects wirelessly to any Bluetooth device for music streaming.

Sceptre's SoundBase features a combination of four speakers and a subwoofer for a combined 75 watts of lifelike surround sound audio. The perfect addition to any room, the SoundBase is capable of supporting TVs up to 55-inches and under 65 lbs., making it the ideal TV sound base to build the ultimate home entertainment system. It is also Bluetooth V4.0 equipped, enabling users to connect devices wirelessly and fully control music with the SoundBase remote control.

“The SoundBase is a two-in-one speaker with the power to immerse you into a movie and wirelessly stream your favorite songs via your cell phone, tablet or computer,” says Cathy Chou, vice president of operations, Sceptre. “Our SoundBase gives users the ability to enjoy high quality sound without having to purchase expensive and unattractive home theater speaker systems.”

Sceptre’s SoundBase is a no wiring hassle, easy to setup speaker that connects to smart devices such as TVs, monitors, music players, stereos, and more; has customizable sound profiles; and enjoys three pre-set professional sound modes that provides the best sound quality for TV, film or music.

The SoundBase is now available at Amazon, Best Buy, Costco, K-Mart, Newegg, QVC, Sears, Target, TigerDirect and Walmart. For more information about the SoundBase or the entire line of Sceptre products, please visit [www.sceptre.com](http://www.sceptre.com)
