

## Sceptre Announces Availability of Two 19-inch Widescreen LED HDTVs

*Compact, picture perfect LED HDTV takes up little space while still fulfilling all your entertainment demands*

**City of Industry, CA – November 25, 2014 –** [Sceptre](#), superior manufacturers of world class LED and LCD HDTVs and PC monitors, announces the availability of their newest LED TV series, the Sceptre 19” LED HDTV. The 19-inch display is also available with a built-in DVD player, allowing you to enjoy your favorite DVDs without needing to purchase a separate DVD player.

The 19” LED HDTV series provides all the flexibility and compact design needed for smaller spaces while still fulfilling all your entertainment demands. In addition to a high resolution of 1366x768 and a true widescreen 16:9 ratio, the 19-inch LED HDTV series comes equipped with MHL technology, which allows MHL enabled devices to directly connect to the HDTV using a single cable, transmitting 1080P high-definition video and surround sound audio while simultaneously charging the connected mobile device.

“Our new TVs are ideal for those places where a compact model is needed, including dorm rooms, kitchens, RVs or even bathrooms,” said Cathy Chou, Vice President of Operations, Sceptre. “Possessing quality in both design and performance, this energy saving HDTV is the perfect addition to your home entertainment system.”

Multiple easy access HDMI ports and a USB ports allow you to connect your devices to the TV for the ultimate entertainment. Additional features of the 19" LED HDTV series include a slim bezel-brush pattern design, a 15-degree swivel base and an Energy Star V6.1 certificate.

The new Sceptre 19" LED HDTV series is now available at Amazon, Best Buy, Costco, K-Mart, Newegg, QVC, Sears, Target, TigerDirect and Walmart. For more information about this series or the entire line of Sceptre products, please visit [www.sceptre.com](http://www.sceptre.com) or contact Pedro Chen at [pedrochen@maxborgesagency.com](mailto:pedrochen@maxborgesagency.com).
