Key Features

LED

With sharper contrasts of light and darks, LED display delivers a vast array of rich colors, ensuring that moving images have never been so pleasing to the eyes.

UHD Upscaling

Breathing new life into the colors of older movies and shows, UHD Upscaling upgrades SD, HD, FHD resolution nearly to the level of the masterful 4K picture quality the UHD display has to offer.

Multiple Ports

For this 4K UHD TV, connectivity is key. Four HDMI ports ensure that images are sharply visible even during fast-paced action scenes. Component ports will support resolutions up to 1080P FHD. Connect to your favorite audio devices with the Optical and LineOut Audio outputs.

HDMI 2.0

Connect all your favorite devices- game consoles, blu-ray devices, laptops. HDMI 2.0 ensures you get the best picture and audio quality from your 4K display.

HDCP 2.2

HDCP 2.2 ensures that all the 4K content that is transferred from a source (Blu-Ray player, DVD player, etc.) to the display (the TV) is secured with copyright protection.

USB Port

Let's you view your pictures as a slideshow or listen to your favorite music via the USB port. Just insert your flash drive into the USB port for the ultimate entertainment.

Key Features

Audio Return Channel (ARC)

Audio Return Channel, or ARC, uses a single HDMI connection to send audio from a TV to the SoundBar or AV Receiver. Using one HDMI cable, video is sent to the TV with an HDMI cable, and that same HDMI cable sends audio from the TV back down the same cable.

CEC

The CEC (Consumer Electronics Control) feature effortlessly allows users to control HDMI connected devices with only one remote.

VESA Wall Mountable

The VESA wall mount provides the ideal position to view your TV and eliminates cable clutter, contributing a stylishly modern addition to your decor.
